

Plum Red

Smoothfaced

In the late 19th and early 20th century, deep red smoothfaced machine made tiles were particularly popular on dominant civic buildings, churches and similar projects.

Most current red clay tiles tend to be of a more pink appearance than tiles produced a century ago.

However, the Dreadnought Plum Red smoothfaced traditional single camber tiles provide a colour and finish indistinguishable from traditional tiles of old.

Above: St John The Evangelist Church Dulwich, Plum Red with bands of Country Brown Tiles in a mix of Club and Fishtail Ornamental Tiles, together with purpose-made hips.

Left: Plum red tiles for the roof and vertical were specified for the re-roofing of Clementsby, Brickendon on a listed stud farm built in 1902. Crested ridges and finials were made to order to match the originals.

Right: Mossley Hill Hospital Liverpool

Plum red tiles were used to re-roof this Nineteenth Century Hospital, special interlocking Ridge Tiles were made to match the originals.
