

Red/Blue Blend

Smoothfaced/Sandfaced

This is achieved by skilled control of the burning process to produce the traditional naturally occurring random hues of authentic multi-coloured clay tiles; colours that cannot be replicated artificially with applied surface stains and pigments. The colours within this blend are rich and varied with purples & blues merging with reds and vibrant terracotta's.

"The subtle tones, shadow lines and organic nature of this tile subtly add contrast and interest."
Gary Worsfold, Director of Architecture, Quantum Homes.

Top: Red Blue Blend tiles on a Quantum Homes Development at Forest Road Poole.

Left: Red Blue Blend tiles at a Quantum Homes Development at Waterford Lane Lymington.

Right: The Red Blue Blend tiles are an attractive complement to the brickwork below. The roof is broken up by the use of ornamental club tiles - in horizontal bands and a diamond shape between the dormers. Ornamental tiles tend to look best when used in odd numbers of courses such as 3 or 5.
